Individual Psychotherapy

Initial Psychotherapy Consultation

90 MINUTES — $750

A comprehensive initial appointment dedicated to exploring personal history, current concerns, recurring psychological and relational patterns, and goals for treatment. The consultation also provides an opportunity to assess clinical needs and establish an appropriate direction for our work together.

Individual Psychotherapy

50 MINUTES — $350

Ongoing psychoanalytically oriented psychotherapy focused on developing greater self-understanding, exploring underlying psychological and relational patterns, and supporting meaningful, long-lasting change.

Extended Psychotherapy Session

90 MINUTES — $750

An extended appointment offering additional time for deeper exploration, reflection, and therapeutic work.

Psychotherapy Intensives

Psychotherapy intensives offer a focused, in-depth therapeutic experience beyond the structure of traditional weekly sessions. Designed for individuals and couples seeking greater depth, continuity, or momentum in their therapeutic work, intensives provide extended time for meaningful psychological exploration in a contained and supportive setting.

AN INTENSIVE MAY BE PARTICULARLY BENEFICIAL FOR THOSE NAVIGATING

- Significant life transitions
- Interpersonal or relational crises
- Trauma or experiences that are difficult to explore in shorter sessions
- Recurring psychological or relational patterns
- A desire for deeper personal or relational growth
- Professional or personal schedules that make weekly psychotherapy challenging

AVAILABLE FORMATS

Two-Hour Intensive

120 MINUTES — $1,000

An extended, uninterrupted psychotherapy session providing additional space to explore significant concerns, recurring patterns, and emotional or relational challenges in greater depth.

Full-Day Intensive

4 CLINICAL HOURS — $2,250

A concentrated therapeutic engagement consisting of two 2-hour sessions separated by a 1-hour break. This format allows for sustained exploration, reflection, and integration throughout the day.

Intensives are individually tailored to the client's needs and therapeutic goals. They may be scheduled as standalone engagements or incorporated into ongoing psychotherapy, depending on individual circumstances and clinical suitability.

Concierge Psychotherapy

$2,500	Up to 6 hours	No minimum
PER MONTH	OF CLINICAL SUPPORT	COMMITMENT

Concierge Psychotherapy is a flexible, individualized approach to psychological care for those seeking greater accessibility, continuity, and support beyond traditional appointment-based treatment.

The arrangement includes up to six hours of clinical support per month, which may be allocated flexibly according to the client's evolving needs and preferences. The allocation includes scheduled appointments and substantive between-session clinical support.

Rather than following a predetermined session structure, clients may choose shorter, more frequent appointments or longer sessions, depending on what is clinically appropriate and mutually agreed upon.

For example, six hours may be arranged as six 60-minute sessions, four 90-minute sessions, or another combination of appointments and between-session support.

CONCIERGE BENEFITS

Flexible Appointments

Session frequency and duration may vary from month to month, allowing the structure of care to adapt to evolving needs.

Extended Conversations

Additional time may be reserved around appointments, allowing sessions to continue beyond their scheduled duration when desired and clinically appropriate.

Priority Scheduling

Every reasonable effort is made to accommodate appointment requests within 24–48 hours, subject to availability. Immediate availability is not guaranteed.

Direct Between-Session Access

Clients may communicate by phone, email, or text for additional clinical guidance and support within agreed boundaries.

Month-to-Month Flexibility

Concierge Psychotherapy is offered on a month-to-month basis without a minimum commitment. The arrangement automatically renews each month unless either party provides written notice of nonrenewal at least seven days before the beginning of the next billing period.

Monthly fees are payable in advance, and unused clinical hours do not carry over to subsequent months.

The monthly billing period begins on the client's enrollment date rather than following the calendar month. For example, if a client begins on November 12, the next billing period begins December 12, and written notice of nonrenewal must be provided by December 5 to avoid renewal.

Emergency & Crisis Services

Concierge Psychotherapy includes direct between-session communication for non-emergency clinical guidance and support. However, this access does not constitute emergency or crisis-response services, and immediate responses cannot be guaranteed.

In the event of a mental health crisis or other emergency, please **call 911**, contact **988** (Suicide & Crisis Lifeline), or proceed to the nearest emergency department.

Cancellation & Rescheduling Policy

A 48-hour cancellation policy applies to all psychotherapy appointments, including extended sessions and intensives.

Appointments canceled with less than 48 hours' notice, as well as missed appointments (no-shows), are charged at the full scheduled fee, except as outlined below.

Standard Psychotherapy Services

Appointments may be rescheduled within the same week (Monday through Saturday) without an additional charge, subject to availability. To qualify for complimentary rescheduling with less than 48 hours' notice, the replacement appointment must take place within the same week as the originally scheduled appointment.

Concierge Psychotherapy

Clients may reschedule appointments with at least 48 hours' notice, subject to availability.

Additionally, clients are permitted one complimentary rescheduling with less than 48 hours' notice per monthly billing period, provided the replacement appointment is successfully completed within that same billing period.

Additional late rescheduling requests, late cancellations, and no-shows are deducted from the six-hour monthly allocation based on the originally scheduled appointment duration.

For successfully rescheduled appointments, only the duration of the completed appointment counts toward the monthly allocation. Any remaining concierge hours may be used during the same monthly billing period, subject to availability.

Complimentary rescheduling is subject to availability and cannot be guaranteed.
